

Dear Friends of HANDS,

As we get ready to close out 2017 and embark the new year, we would like to ask for your consideration to make HANDS part of your year-end donation.

HANDS is a nonprofit organization with a primary goal helping upgrade neonatal care in Ethiopia by exchanging experiences with local Ethiopian health professionals. Over the last 6 years, we have made a significant progress; completed our short-term goal in Jimma and reached the final phase in Bahir Dar. These achievements were possible with the help of our volunteers and your continuous generosity.

We would like to share the attached [video clip](#) showing some of the work that was done during our 2017 visit to Felege Hiwot Hospital in Bahir Dar. Yes, we are making progress, but there is still much more to be done and more lives to be saved.

To fulfill HANDS 2018 goals and mission, we need your continuous support. We have team of volunteer doctors, nurses and respiratory therapists ready and willing to donate their time to travel to Ethiopia. Support from generous donors like you makes HANDS vision, to provide critical medical care that will save many vulnerable lives, a reality.

We wish you and your family a peaceful and joyful holiday season.

For more information please, visit our website www.handsforbabies.org or our Facebook page on <https://www.facebook.com/HANDSforBabies>.
